

# melhor forma de retirar dinheiro da betway

I have tried to be objective and consistent with all my live casino reviews. Hopefully, they will strike a chord with you, but I thought it might be helpful to explain the criteria I use to mark each of the casinos. Hopefully, the categories and explanations make sense.

**Playability** What is the overall impression of the casino? Did I have a good time? are the dealers nice and chatty and is everything easy to understand? Does it have a good set of games and is there a comprehensive set of betting options? Are high stakes players taken care of?

**Software** What is the software like to use and does it integrate well with the rest of the casino?. Are the {img} clear and is the video streaming fast? Have they taken more than the default shared tables? Is it available on mobile?

**Payment Options** Does the casino have a good variety of payment options? Do they payout quickly and on time?

**Security** How good is the reputation of the casino amongst other players? Do they hold a valid gaming license? Are they transparent about the security measures they have in place? Are they regularly audited? Do they publish this information?

**Support** Do they have multiple methods for communication with me? Is support available 24/7? Do they have instant chat and are they quick to respond? Are they able to help me immediately? Do they have an online FAQ and self-help library? Are the support people knowledgeable about the product I'm playing?

**Bonuses** Do they have bonuses? How strict are the wagering requirements? Do they offer repeat bonuses?. Do they offer loyalty points and can they be redeemed for cash or playing credits?

**After all that, would I play there regularly?**
